## WORK EXPERIENCE

**Zaltek Digital** **Newcastle, UK**
*Junior Associate (Part-time)* *Jun 2022 – Present*
- Led the migration of parish websites onto a template I designed in Figma, now used by 650+ UK councils
- Trained colleagues to run migrations, organised who worked on which sites, and acted as on-call support
- Designed an NHS-SPS tool in Figma, now in use by pharmacists, following UK Government Design Principles
- Managed the company accounts, analysing time-tracking data to report profitability by project
- Automated an email campaign in n8n with AI, Excel and Gmail APIs, generating sales leads and saving hours

**Raymond James Monument** **Newcastle, UK**
*Work Experience, Wealth Management* *Aug 2026*
- Built a Shariah-compliant portfolio for a client using sukuk, optimised in Excel and checked in BlackRock 360
- Evaluated a fund pitched by its manager against existing client holdings, and wrote a recommendation report

**Parkdean Resorts** **Newcastle, UK**
*Customer Sales Support Advisor* *Jun 2026 – Sep 2026*
- Sold holidays on inbound sales calls, converting customer enquiries into bookings
- Consistently ranked top three of around 25 call centre advisors on the daily revenue leaderboard

**ICD Energy** **Newcastle, UK**
*Internship* *Sep 2024*
- Consolidated 1,000+ half-hourly and hourly electricity usage records into one Excel workbook per client
- Replaced separate invoices and supplier data with one view per client, speeding up energy trading decisions

**UK Parliament, House of Lords** **London, UK**
*Work Experience* *Jul 2023*
- Researched policy issues for House of Lords peers, focusing on UK productivity rates
- Co-wrote and fact-checked a speech on declining UK productivity, delivered by a Labour peer in the chamber

## PROJECTS

**Portfolio Risk Dashboard** **risk-dashboard-padraig.streamlit.app**
- Built a live dashboard measuring VaR, CVaR, Sharpe, Sortino, beta and drawdowns for any portfolio
- Added factor-based stress testing that shocks market, rate and volatility exposures

**Escape Velocity: SpaceX IPO Analysis** **github.com/poggey/escape-velocity**
- Valued the June 2026 SpaceX IPO, concluding the $135 offer was fair but the aftermarket traded on hype

**Fourier Option Pricing** **github.com/poggey/fourier-option-pricing**
- Built a Carr-Madan FFT option pricer from first principles, matching Black-Scholes to 13 decimal places

## EXTRACURRICULAR ACTIVITIES

- Raised over £2,000 across a year for a Zambian project, then built houses and taught on site
- Led and taught karate classes as a black belt, and competed for QMUL Karate Club
